IV. Conclusion	30

I. Introduction

In 2010, Aaniiih Nakoda College (ANC) began the process of identifying core themes that represent the essential elements of the college's mission and, together, reflect the sum total of the institution's mission and purpose. Core themes were approved by the President's Executive Team on October 6, 2010 and adopted by the Board of Directors in January 2011. After identifying core themes and articulating core theme goals, ANC established subcommittees for each core theme. During fall 2010, these subcommittees developed a set of measurable objectives for each core theme. At the same time, they also identified indicators for each objective, as well as anticipated outcomes to serve as standards against which to measure acceptable levels of achievement for each outcome. Throughout the 2011-12 academic year, ANC's core theme subcommittees reviewed and revised their respective objectives, indicators and outcomes based on feedback received from evaluators in response to the college's Year One Self-Evaluation Report, which was submitted to the Northwest Commission on Colleges and Universities in spring 2011. While no changes were made to the objectives during this process, each subcommittee made numerous revisions to the indicators and outcomes for their respective core themes.

From 2012 through 2017, ANC gathered outcome data for these indicators on an annual basis. Data for each indicator were compared with performance outcome targets, and these comparisons allowed college personnel to evaluate the institution's actual success in achieving core theme outcomes vis-à-vis anticipated thresholds of achievement. The college's success in achieving anticipated outcomes for the group of indicators associated with each core theme objective were, in turn, used to assess institutional success in achieving each of those objectives, as well as its success in accomplishing broader core theme goals and mission.

Using a numerical scoring system developed in 2016, ANC awarded one point for each indicator for which the college achieved its anticipated outcome, and it subtracted one point for each indicator for which the college failed to achieve the performance threshold established for the outcome. If the combined score for a core theme objective's indicators was above zero, then that objective received a +1 rating; if the combined score was below zero, the objective received a -1 rating. The ratings for each objective, in turn, were added together to produce a combined score for the college's success in achieving the overall core theme goal. Again, if the combined ratings for the four or five objectives yielded a positive score, the core theme goal received a +1 rating. If the combined rating was negative, the core theme goal received a -1 rating. Based on this system, ANC was able to use results from multiple core theme indicators to measure institutional success in achieving core theme objectives. In turn, summary results for the core theme objectives were used to determine overall success in achieving the associated core theme goal. Core Theme Achievement Tables were prepared to present annual results for each core theme indicator, objective and goal.

In a similar manner, ANC used the collective achievement of its three mission-based core theme goals to make determinations of quality and effectiveness with respect to mission fulfillment. Specifically, the college received a +1 rating for each core theme goal that had a collective score of +1 or higher (as determined by a similar rating system based on the collective score for the goal's core theme objectives, which was determined by a similar rating system based on the collective score for the objective's core theme indicators), and it received a -1 rating for each core theme goal that had a collective score of -1 or lower. If the collective score for a

core theme goal was a “net 0,” then the college received a “net 0” rating. Annual results for core theme goals were presented in a Mission Fulfillment Table and used to assess the institution’s overall effectiveness in fulfilling its mission. Given the interrelated and interdependent nature of the college’s three core themes, ANC personnel agreed that genuine mission fulfillment should involve the simultaneous achievement of all three core theme goals. As such, ANC’s goal was to earn a +3 rating each year. However, college personnel decided that positive ratings of +1 or +2 also indicated successful – albeit partial – fulfillment of its mission.

Between 2012 and 2017, ANC made a number of changes to its core theme indicators and outcomes based on feedback received from NWCCU evaluators, external reviewers, and college staff and faculty. However, the most significant changes took place in fall 2017, when ANC’s Institutional Effectiveness Committee conducted a comprehensive review of the existing assessment framework and made numerous revisions based on recommendations and lessons learned from the past seven years. The results of the committee’s efforts were presented in the revised institutional assessment framework included in ANC’s Year One Self-Evaluation Report that was submitted to, and approved by, NWCCU. That revised assessment framework is presented in this report. Although the committee made significant changes to individual indicators and outcomes, the basic structure of the original institutional assessment framework remains unchanged.

ANC used its institutional assessment framework to evaluate mission fulfillment on an annual basis. Core theme goals and objectives guide institutional planning and development, while associated indicators and outcomes provide a comprehensive framework for evaluating the institution’s effectiveness in achieving its core theme objectives, goals and, ultimately, mission. By assessing the college’s success in achieving the objectives associated with its three core theme goals, the evaluation process provides a comprehensive overview of institutional effectiveness and overall mission fulfillment.

II. Document Organization

This report presents data gathered in fall 2020 to measure the college’s success during the 2019-20 academic year in achieving the anticipated outcomes established for the indicators developed for each of the college’s identified core theme objectives. It begins with a one-page summary of institutional mission, core themes and core theme goals. In the pages that follow, each core theme goal is re-stated, followed by a brief narrative describing the core theme and a list of associated core theme objectives. Each core theme objective, in turn, is followed by an evaluation table that includes (1) the objective’s identified indicators of achievement, (2) the anticipated outcomes that serve as the acceptable threshold of achievement for each indicator, and (3) annual data for each outcome. The report concludes with Core Theme Achievement Tables for each core theme, as well as a Mission Fulfillment Table.

In keeping with established institutional practices, the 2020 Institutional Effectiveness Report was shared with the President’s Executive Team for review and discussion. The report was distributed to Executive Team members in December 2020 and discussed at their January Executive Team meeting. The report was also shared with the ANC Board of Directors at this time.

The primary purpose of this report is to help college personnel assess the institution's overall effectiveness in achieving its core theme goals and, ultimately, fulfilling its mission. However, within ANC's integrated planning-assessment process, data used for evaluating institutional effectiveness also provide the information necessary to measure the impact of the college's efforts to implement its strategic plan. ANC's strategic plan is based on, and organized around, the college's mission, core theme goals, and core theme objectives. As such, implementation strategies are designed to achieve core theme objectives, and the success of those implementation efforts are best measured using the performance indicators and outcomes developed to assess institutional effectiveness in achieving those objectives. In order to obtain a comprehensive picture of the college's efforts to implement its strategic plan and the impacts of those efforts on achieving identified core theme objectives, readers are encouraged to read this report in tandem with institution's current strategic plan (*Aaniiih Nakoda College Strategic Plan, 2019-2023*), which was adopted by the ANC Board of Directors on September 17, 2019.

This institutional effectiveness report is intended to provide the data needed to *generate* discussion and inform ongoing planning efforts. At the same time, the report also provides an excellent opportunity to examine the evaluation process itself and continue to make improvements. ANC personnel need to continually ask: (1) Do the indicators yield meaningful and useful outcome data? (2) Do the indicators and their associated outcome data really provide a meaningful measure of the college's success in achieving its core theme objectives and, collectively, fulfilling its mission? And (3) Are there other – perhaps better – indicators the college should be using? As part of ANC's ongoing planning-assessment process, college personnel will conduct a comprehensive revision of the existing evaluation framework in 2021 in order to increase its value for internal stakeholders, to improve its ability to assess student learning and student success, and to conform with changes in external requirements imposed by new accreditation standards.

III. **Aaniiih Nakoda College Mission, Core Themes and Core Theme Goals**

Mission Statement

The mission of Aaniiih Nakoda College is to provide quality postsecondary education for residents of the Fort Belknap Indian Reservation and surrounding communities. The college promotes individual and community development by maintaining and revitalizing the indigenous lifeways of the Aaniinen and Nakoda Tribes and by preparing students to succeed in an American technological society.

Core Themes

Core Theme 1: Academic Quality

Core Theme 1 Goal: ANC will provide high quality postsecondary education opportunities.

Core Theme 2: Indigenous Lifeways

Core Theme 2 Goal: ANC will provide educational programs and services grounded in the lifeways of the Aaniinen and Nakoda nations.

Core Theme 3: Student Success

Core Theme 3 Goal: ANC will help all students succeed in achieving their academic and professional goals.

The overarching mission of the college is located at the intersection where these three interrelated goals meet - in the delivery of high quality, culturally grounded, student-centered educational programs.

Core Theme 1: Academic Quality

Core Theme 1 Goal: ANC will provide high quality postsecondary education opportunities.

Brief Description of Core Theme 1

Academic programs are designed to provide students with skills and knowledge appropriate to the level of instruction and the standards of each discipline and, in some cases, industry. Each academic program, including general education and related instruction, identifies the skills and knowledge students are expected to possess upon program completion, as well as required levels of proficiency. Quality academic programs facilitate student success in achieving identified program goals and outcomes and meeting established performance standards.

Core Theme 1 Objectives

Objective 1.A: Students will demonstrate proficiency in acquiring identified skills and knowledge associated with their chosen field of study.

Objective 1.B: Faculty will provide quality instruction.

Objective 1.C: Academic programs and course offerings will reflect the educational needs, interests and aspirations of residents of the Fort Belknap Indian Reservation and surrounding communities.

Objective 1.D: Instructional support services (i.e., facilities, information resources, and technology) will provide the teaching/learning resources needed to deliver quality educational programs.

Evaluation Plans and Results for Core Theme Indicators

Objective 1.A: Students will demonstrate proficiency in acquiring identified skills and knowledge associated with their chosen field of study.

Objective 1.B: Faculty will provide quality instruction.

Indicators of Achievement	Anticipated Outcomes	2018 Results	2019 Results	2020 Results
Student perceptions of faculty availability	Each full-time faculty member will receive an average rating of 80 percent or higher on selected questions from course evaluations where students indicate their perceptions of faculty availability	Average faculty rating on course evaluation question, “The instructor is available to meet with me outside of class during office hours.” (3.4) 10/11 – Fall 2017 <u>11/13 – Spring 2018</u> 21/24 – Total 88% of full-time faculty received an average rating of 80% or higher	Average faculty rating on course evaluation question, “The instructor is available to meet with me outside of class during office hours.” (3.4) 9/9 – Fall 2018 <u>8/8 – Spring 2019</u> 17/17 – Total 100% of full-time faculty received an average rating of 80% or higher	Average faculty rating on course evaluation question, “The instructor is available to meet with me outside of class during office hours.” (3.4) 9/9 – Fall 2019 <u>9/9 – Spring 2020</u> 18/18 – Total 100% of full-time faculty received an average rating of 80% or higher
Student perceptions of faculty knowledge and teaching skills	Each faculty member will receive an average rating of 80 percent or higher on selected questions from course evaluations where students indicate their perceptions of faculty content knowledge and teaching skills.	Average faculty rating on course evaluation question, “The instructor knows the course material and is prepared to teach it” (3.1) 11/11 – Fall 2017 <u>12/13 - Spring 2018</u>	Average faculty rating on course evaluation question, “The instructor knows the course material and is prepared to teach it” (3.1) 9/9 – Fall 2018 <u>8/8 – Spring 2019</u> 17/17 – Total	Average faculty rating on course evaluation question, “The instructor knows the course material and is prepared to teach it” (3.1) 9/9 – Fall 2019 <u>9/9 – Spring 2020</u>

		23/24 – Total 96% of full-time faculty received an average rating of 80% or higher	100% of full-time faculty received an average rating of 80% or higher	18/18 – Total 100% of full-time faculty received an average rating of 80% or higher
--	--	--	--	---

Objective 1.C: Academic programs and course offerings will reflect the educational needs, interests and aspirations of residents of the Fort Belknap Indian Reservation and surrounding communities.

Indicators of Achievement	Anticipated Outcomes	2018 Results	2019 Results	2020 Results
Average Indian Student Count (ISC) (relevance of all program and course offerings)	Average annual ISC is 200 or higher.	Average annual ISC 191.98	Average annual ISC 143.62	Average annual ISC 151.60
Number of full-time, degree seeking students (relevance of academic degree programs)	Average number of full-time, degree seeking students per semester is 107 or higher.	Average number of full-time, degree seeking students per semester 108 – Fall 2017 <u>88 – Spring 2018</u> 98 – Average/per semester	Average number of full-time, degree seeking students per semester 109 – Fall 2018 <u>97 – Spring 2019</u> 103 – Average/per semester	Average number of full-time, degree seeking students per semester 100 – Fall 2019 <u>102 – Spring 2020</u> 101 – Average/per semester
Number of part-time, non-degree seeking students (relevance of workshops and community education courses)	Average number of part-time, non-degree seeking students per semester is 89 or higher.	Average number of part-time, non-degree seeking students per semester 16 – Fall 2017 <u>19 – Spring 2018</u> 17.5 Average/per semester	Average number of part-time, non-degree seeking students per semester 21 – Fall 2018 <u>22 – Spring 2019</u> 21.5 Average/per semester	Average number of part-time, non-degree seeking students per semester 32 – Fall 2019 <u>17 – Spring 2020</u> 24.5 – Average/per semester

Objective 1.D: Instructional support services (i.e., facilities, library, and technology) will provide the teaching/learning resources needed to deliver quality educational programs.

Indicators of Achievement	Anticipated Outcomes	2018 Results	2019 Results	2020 Results
Student perceptions of campus facilities	On facilities-related questions on the Noel-Levitz Student Satisfaction Inventory, a gap of 0.75 or lower between Importance and Satisfaction	<p>Gap analysis of student responses to Question #13 (safety and security) and Question #39 (maintenance) regarding campus facilities</p> <p>Q#13 (“The campus is safe and secure for all students.”) Importance Gap 0.2</p> <p>Q#39 (“On the whole, the campus is well-maintained.”) Gap 0.2</p>	<p>Gap analysis of student responses to Question #13 (safety and security) and Question #39 (maintenance) regarding campus facilities</p> <p>Q#13 (“The campus is safe and secure for all students.”) Importance Gap 0.08</p> <p>Q#39 (“On the whole, the campus is well-maintained.”) Gap 0.21</p>	<p>Gap analysis of student responses to Question #13 (safety and security) and Question #39 (maintenance) regarding campus facilities</p> <p>Q#13 (“The campus is safe and secure for all students.”) Importance Gap +0.67</p> <p>Q#39 (“On the whole, the campus is well-maintained.”) Gap +0.53</p>
Student perceptions of library resources and services	On library-related questions on the Noel-Levitz Student Satisfaction Inventory, a gap of 0.75 or lower between Importance and Satisfaction	<p>Gap analysis of student responses to Question #6 (“Library resources and services are adequate.”) Gap 0.2</p>	<p>Gap analysis of student responses to Question #6 (“Library resources and services are adequate.”) Gap 0.03</p>	<p>Gap analysis of student responses to Question #6 (“Library resources and services are adequate.”) Gap +0.82</p>
Student perceptions of campus computer availability and quality	On computer-related questions on the Noel-Levitz Student Satisfaction Inventory, a gap of 0.75 or	<p>Gap analysis of student responses to Question #18 (“Computer labs are adequate and accessible.”)</p>	<p>Gap analysis of student responses to Question #18 (“Computer labs are adequate and accessible.”)</p>	<p>Gap analysis of student responses to Question #18 (“Computer labs are adequate and</p>

	lower between Importance and Satisfaction	Gap 0.1	Gap 0.11	accessible.”) Gap +0.76
Faculty perceptions of campus facilities	On the annual Faculty Survey, faculty rate campus instructional facilities as “satisfactory” or higher (3.0 or higher)	Average faculty response to Questions #1 and #2 [“On a scale of 1-5, rate your level of satisfaction with ANC’s classroom/laboratory (1) facilities and (2) equipment.”] 52/14= 3.71	Average faculty response to Questions #1 and #2 [“On a scale of 1-5, rate your level of satisfaction with ANC’s classroom/laboratory (1) facilities and (2) equipment.”] 55/16= 3.44	Not available
Faculty perceptions of library resources and services	On the annual Faculty Survey, faculty rate library resources and services as “satisfactory” or higher (3.0 or higher)	Average faculty response to Questions #3 and #4 [“On a scale of 1-5, rate your level of satisfaction with ANC’s library (3) resources and (4) services.”] 62/14= 4.43	Average faculty response to Questions #3 and #4 [“On a scale of 1-5, rate your level of satisfaction with ANC’s library (3) resources and (4) services.”] 64/16= 4.00	Not available
Faculty perceptions of campus information technology resources	On the annual Faculty Survey, faculty rate campus information technology resources and services as “satisfactory” or higher (3.0 or higher)	Average faculty response to Questions #5 and #6 [“On a scale of 1-5, rate your level of satisfaction with ANC’s information technology (5) resources and (6) services.”] 52/14= 3.71	Average faculty response to Questions #5 and #6 [“On a scale of 1-5, rate your level of satisfaction with ANC’s information technology (5) resources and (6) services.”] 53/16= 3.32	Not available

Core Theme 2: Indigenous Lifeways

Core Theme 2 Goal: ANC will provide educational programs and services grounded in the lifeways of the Aaniinen and Nakoda nations.

Brief Description of Core Theme 2

Aaniiih Nakoda College is a tribal college chartered by the governing body of the Aaniinen and Nakoda nations. Established by and for the Aaniiih and Nakoda people, Aaniiih Nakoda College is defined by, and grounded in, the lifeways of these two nations. The rich and enduring lifeways of the Aaniiih and Nakoda people permeate all aspects of the institution, find embodiment in the delivery of all programs and services, provide the unifying framework that integrates all college functions, and establish the unique identity of Aaniiih Nakoda College.

Core Theme 2 Objectives

- Objective 2.A: Students will demonstrate a general knowledge of Aaniiih or Nakoda language and lifeways.
- Objective 2.B: Campus facilities and events will physically and philosophically reflect Aaniiih and Nakoda lifeways.
- Objective 2.C: Aaniiih and Nakoda lifeways will be intertwined throughout each academic course.
- Objective 2.D: ANC will provide members of the Fort Belknap community with opportunities to participate in Aaniiih and Nakoda cultural education activities and programs.

Evaluation Plans and Results for Core Theme Indicators

Objective 2.A: Students will demonstrate a general knowledge of the Aaniiih or Nakoda language and lifeways.

Indicators of Achievement	Anticipated Outcomes	2018 Results	2019 Results	2020 Results
Students demonstrate basic proficiency in speaking the Aaniiih or Nakoda language	All graduates will introduce themselves (with minimum requirements) in the Aaniiih or Nakoda language and demonstrate a basic understanding of the structure and syntax of the language.	Number/Percentage of graduates who introduced themselves demonstrating a basic understanding of Aaniiih or Nakoda language 14/14 Nakoda <u>27/27 Aaniinen</u> 41/41 Total*	Number/Percentage of graduates who introduced themselves demonstrating a basic understanding of Aaniiih or Nakoda language 7/8 Nakoda <u>17/21 Aaniinen</u> 24/28 Total**	Number/Percentage of graduates who introduced themselves demonstrating a basic understanding of Aaniiih or Nakoda language 4 Nakoda <u>7 Aaniinen</u>

		100% *42 total graduates; one graduate did not attend graduation	86% **31 total graduates; three graduates did not attend graduation. One student didn't introduce himself/herself in either language and is counted in the subtotals for both Aaniinen and Nakoda but not in the overall total.	11/12 Total* 92% *32 total graduates; Due to the COVID-19 pandemic commencement was postponed until November 2020. When it was held, it occurred remotely via Zoom.
Students demonstrate knowledge of Aaniih and Nakoda lifeways	Using an existing rubric, 80 percent of students will score proficient or higher on an assessment dealing with Aaniih and/or Nakoda lifeways.	Number/Percentage of students who scored proficient or higher on an assessment dealing with Aaniih and/or Nakoda lifeways 10/13 (77%) students scored at proficient or higher on assessment conducted during spring semester 2018.	Number/Percentage of students who scored proficient or higher on an assessment dealing with Aaniih and/or Nakoda lifeways 7/10 (70%) students scored at proficient or higher on assessment conducted during spring semester 2019.	Number/Percentage of students who scored proficient or higher on an assessment dealing with Aaniih and/or Nakoda lifeways 10/10 (100%) students scored at proficient or higher on assessment conducted during spring semester 2020.

Objective 2.B: Campus facilities and events will physically and philosophically reflect Aaniih and Nakoda lifeways.

Indicators of Achievement	Anticipated Outcomes	2018 Results	2019 Results	2020 Results
Faculty and staff know and understand the Aaniih and Nakoda names for campus facilities	Based on the results of assessments completed during annual faculty/staff retreats, at least 75 percent of college staff and faculty demonstrate “satisfactory” or better knowledge and understanding of Aaniih	Number/Percentage of faculty and staff who score “satisfactory” or higher on an assessment of their knowledge and understanding of Aaniih and Nakoda names for campus facilities	Number/Percentage of faculty and staff who score “satisfactory” or higher on an assessment of their knowledge and understanding of Aaniih and Nakoda names for campus facilities	Number/Percentage of faculty and staff who score “satisfactory” or higher on an assessment of their knowledge and understanding of Aaniih and Nakoda names for campus facilities

	and Nakoda names for campus facilities.	Not available	Not available	Not available
Students know and understand Aaniiih and Nakoda names for campus facilities	Based on results of an assessment conducted in Finding Place, at least 75 percent of first-year students will demonstrate “satisfactory” or better knowledge and understanding of Aaniiih and Nakoda names for campus facilities.	Number/Percentage of students in Finding Place who score “satisfactory” or higher on an assessment of their knowledge and understanding of Aaniiih and Nakoda names for campus facilities Not available	Number/Percentage of students in Finding Place who score “satisfactory” or higher on an assessment of their knowledge and understanding of Aaniiih and Nakoda names for campus facilities Not available	Number/Percentage of students in Finding Place who score “satisfactory” or higher on an assessment of their knowledge and understanding of Aaniiih and Nakoda names for campus facilities Not available
Participation in campus events emphasizing Aaniiih and Nakoda lifeways	At least 500 participants attend campus events that emphasize and celebrate Aaniiih and Nakoda lifeways.	Number of participants attending campus events emphasizing and celebrating Aaniiih and Nakoda lifeways 576 participants (Native American Week activities, stick game tournaments, garden tours)	Number of participants attending campus events emphasizing and celebrating Aaniiih and Nakoda lifeways 540 participants (Native American Week activities, stick game tournaments, garden tours)	Number of participants attending campus events emphasizing and celebrating Aaniiih and Nakoda lifeways 230 participants (Native American Week activities, stick game tournaments, garden tours)

Objective 2.C: Aaniiih and Nakoda lifeways will be intertwined throughout each academic course.

Indicators of Achievement	Anticipated Outcomes	2018 Results	2019 Results	2020 Results
Student perceptions of the extent to which Aaniiih and Nakoda lifeways are incorporated into	Based on responses provided on course evaluation forms, at least 75 percent of students will say their instructors	Number/Percentage of students who say their instructors “sometimes” or “frequently” incorporate information about Aaniiih	Number/Percentage of students who say their instructors “sometimes” or “frequently” incorporate information about Aaniiih	Number/Percentage of students who say their instructors “sometimes” or “frequently” incorporate information

each course offering	“sometimes” or “frequently” incorporate information about Aaniiih and Nakoda lifeways into their classes.	and Nakoda lifeways in response to the following statement included on all course evaluation forms: “The instructor incorporates information about the Aaniinen and Nakoda cultures” (Question 11). 78% - Fall 2017 <u>83% - Spring 2018</u> 80.5% - Average	and Nakoda lifeways in response to the following statement included on all course evaluation forms: “The instructor incorporates information about the Aaniinen and Nakoda cultures” (Question 11). 92% - Fall 2018 <u>100% - Spring 2019</u> 96% - Average	about Aaniiih and Nakoda lifeways in response to the following statement included on all course evaluation forms: “The instructor incorporates information about the Aaniinen and Nakoda cultures” (Question 11). 93% - Fall 2019 <u>97% - Spring 2020</u> 94% - Average
Course descriptions presented in syllabi	At least 80 percent of course syllabi will provide a “substantive” (as contrasted with “superficial”) description of how the course incorporates some aspect of Aaniiih and Nakoda lifeways.	Percentage of course syllabi providing a substantive description of how the course incorporates some aspect of Aaniiih and Nakoda lifeways, as determined through a review process conducted by the academic dean Not available	Percentage of course syllabi providing a substantive description of how the course incorporates some aspect of Aaniiih and Nakoda lifeways, as determined through a review process conducted by the academic dean 80% of syllabi reviewed (31/39) contained a substantive description of how the course incorporated some aspect of Aaniiih and Nakoda lifeways.	Percentage of course syllabi providing a substantive description of how the course incorporates some aspect of Aaniiih and Nakoda lifeways, as determined through a review process conducted by the academic dean 97% of syllabi reviewed (35/36) contained a substantive description of how the course incorporated some aspect of Aaniiih and Nakoda lifeways.

Objective 2.D: ANC will provide members of the Fort Belknap community with opportunities to participate in Aaniiih and Nakoda cultural education activities and programs.

**based on programming summaries included in station manager monthly reports

Core Theme 3: Student Success

Core Theme 3 Goal: ANC will help all students succeed in achieving their academic and professional goals.

Brief Description of Core Theme 3

Aaniiih Nakoda College prides itself on being a student-centered institution committed to helping all students achieve their individual educational goals. The college seeks to foster student success throughout the duration of a student’s time at ANC, from admission to graduation. The college also strives to prepare students for success following graduation as they transfer to baccalaureate degree-granting institutions and/or enter the workforce.

Core Theme 3 Objectives

- Objective 3.A: ANC will provide educational opportunities that are readily accessible to all residents of the Fort Belknap Indian Reservation and surrounding communities.
- Objective 3.B: Students will make satisfactory progress in completing their coursework and graduating in a timely manner.
- Objective 3.C: Graduates will be prepared for successful transfer and/or employment.
- Objective 3.D: ANC will provide effective support services to prospective and enrolled students in order to reduce barriers and promote success.

Evaluation Plans and Results for Core Theme Indicators

Objective 3.A: ANC will provide educational opportunities that are readily accessible to all residents of the Fort Belknap Indian Reservation and surrounding communities.

Indicators of Achievement	Anticipated Outcomes	2018 Results	2019 Results	2020 Results
Participation in dual enrollment and dual credit course offerings among	At least 25 students from local high schools will complete dual enrollment or dual credit classes	Number of local high school students completing dual enrollment or dual credit classes	Number of local high school students completing dual enrollment or dual credit classes	Number of local high school students completing dual enrollment or dual credit

local high school students		26 dual enrollment or dual credit courses were completed by local high school students	28 dual enrollment or dual credit courses were completed by local high school students	classes 17 dual enrollment or dual credit courses were completed by local high school students
Enrollment rates among local high school graduates	At least 60 percent of high school graduates from the three reservation-serving high schools will enroll at ANC during the fall semester following their graduation	Number/Percentage of high school graduates from the three reservation-serving high schools who enroll at ANC during the fall semester following their graduation 60 local high school graduates 20 enrolled at ANC the following fall 33%	Number/Percentage of high school graduates from the three reservation-serving high schools who enroll at ANC during the fall semester following their graduation 53 local high school graduates 20 enrolled at ANC the following fall 38%	Number/Percentage of high school graduates from the three reservation-serving high schools who enroll at ANC during the fall semester following their graduation 53 local high school graduates 15 enrolled at ANC the following fall 28%
Participation in HiSET preparation classes Attainment of HiSET certification	At least 50 students will participate in HiSET classes per year. At least 6 students who receive HiSET instruction will earn HiSET certifications each year.	Number of students enrolled in HiSET classes Number of students earning HiSET certification 10 students (9.1.2017-9.1.2018)	Number of students earning HiSET certification 6 students (9.1.2018-9.1.2019)	Number of students earning HiSET certification 9 students (9.1.2019-9.1.2020)

Objective 3.B: Students will make satisfactory progress in completing their coursework and graduating in a timely manner.

Indicators of Achievement	Anticipated Outcomes	2018 Results	2019 Results	2020 Results
Students in Academic Skills	At least 25 percent of students in Academic	Number/Percentage of students in Academic Skills	Number/Percentage of students in Academic Skills	Number/Percentage of students in Academic

courses make a successful transition to college level courses	Skills courses will transition into college level classes each year.	courses who transition to college level classes 9 enrolled in M 096 2 completed M 096 22%	courses who transition to college level classes 9 enrolled in M 096 3 of those students enrolled in M 121 33%	Skills courses who transition to college level classes 11 enrolled in M 096 5 of those students enrolled in M 121 45%
Course completion	At least 55 percent of students will complete their courses with a grade of "C" or better.	Numbers/Percentages for course completion rates (in terms of # of student-classes completed/attempted) $477/678 = 70\%$ Fall 2017 $457/581 = 79\%$ Spring 2018 $934/1,259 = 74\%$ Average	Numbers/Percentages for course completion rates (in terms of # of student-classes completed/attempted) $478/695 = 69\%$ Fall 2018 $443/613 = 72\%$ Spring 2019 $921/1,308 = 70\%$ Average	Numbers/Percentages for course completion rates (in terms of # of student-classes completed/attempted) $452/666 = 68\%$ Fall 2019 $422/674 = 63\%$ Spring 2020 $874/1340 = 65\%$ Average
Annual student retention	The annual fall-to-fall retention rate among first-time, full-time students (IPEDS cohort) will exceed 49 percent.	Annual fall-to-fall retention rates for first-time, full-time students 63% (Fall 2015-2016 IPEDS cohort)	Annual fall-to-fall retention rates for first-time, full-time students 59% (Fall 2016-2017 IPEDS cohort)	Annual fall-to-fall retention rates for first-time, full-time students 64% (Fall 2017-2018 IPEDS cohort)
Graduation rates	The percentage of the incoming full-time student cohort that graduates within two, three or four years will equal or exceed that of other Montana tribal colleges.	Percentages of full-time student cohort that graduate within two, three or four years, as compared with other Montana tribal colleges <u>100% time</u> 23% - ANC	Percentages of full-time student cohort that graduate within two, three or four years, as compared with other tribal colleges <u>100% time</u> 14% - ANC 7% - comparison group	Percentages of full-time student cohort that graduate within two, three or four years, as compared with other tribal colleges <u>100% time</u> 13% - ANC

		<p>14% - comparison group <u>150% time</u> 31% - ANC 17% - comparison group <u>200% time</u> 35% - ANC 24% - comparison group (2012 IPEDS cohort compared to tribal college comparison group, n=20)</p> <p>ANC graduation rate was 11% higher than other tribal colleges in the comparison group.</p>	<p><u>150% time</u> 28% - ANC 8% - comparison group <u>200% time</u> 48% - ANC 14% - comparison group (2014 IPEDS cohort compared to tribal college comparison group, n=17)</p> <p>ANC graduation rate was 34% higher than other tribal colleges in the comparison group</p>	<p>6% - comparison group <u>150% time</u> 42% - ANC 14% - comparison group <u>200% time</u> 45% - ANC 17% - comparison group (2015 IPEDS cohort compared to tribal college comparison group)</p> <p>ANC graduation rate was 28% higher than other tribal colleges in the comparison group</p>

IV. Conclusion

As mentioned in the introduction, the data presented in this report are intended to *generate* discussion about the college's success in implementing its strategic plan, achieving core theme goals and objectives, and, ultimately, fulfilling its mission. In general, the data indicate that ANC is fulfilling its mission, albeit in a partial manner. The college received a positive rating for achieving Core Theme Goal 3 (Student Success), a neutral (net 0) rating for achieving Core Theme Goal 1 (Academic Quality), and a negative rating for achieving Core Theme Goal 2 (Indigenous Lifeways). Data reveal numerous institutional strengths that ANC needs to maintain and build on. For example, student perceptions reveal extremely high levels of satisfaction with instructional quality (Objective 1.B), instructional support services and resources (1.D), and student services (3.D). Other positive results include high levels of performance across all key indicators for student success (i.e., course completion, retention, graduation, transfer and employment – Objectives 3.B and 3.C), as well as consistently strong data showing increased depth and breadth of cultural integration efforts across the curriculum (Objective 2.C). At the same time, for indicators, objectives and goals where ANC failed to meet expectations, college personnel need to review the data to identify challenges that need to be addressed. For example, declining enrollment across all student sectors contributed to negative scores for Core Theme Objective 1.C, and indicators for access and recruitment (Objective 3.A) showed decreased participation among local high school students. Finally, the onset of the COVID-19 pandemic in the middle of spring semester resulted in significant (although hardly surprising) decreases in participation in campus events (Objective 2.B), while also creating difficulties related to data collection and reporting for certain indicators during summer and fall of 2020. Alternatively, the college – and, in particular, the faculty – should be commended for maintaining the processes used to collect and assess key student learning outcomes (Objectives 1.A and 2.A), despite the challenges created by the pandemic. Given the high standards of performance that faculty have established as benchmarks of success for these outcomes, it is not surprising that results may fall short of their lofty goals. However, what the data clearly show is that faculty continue to collect these data in a consistent and systematic manner and use the results to drive changes in curriculum and/or instruction intended to result in continuous improvement of academic programs.

The numbers, of course, only tell part of the story. Gathered over several years' time, however, they do help identify trends and offer useful indicators of relative increases and decreases. When used as a point of departure for thoughtful reflection and conversation about institutional effectiveness, they provide the common ground needed for meaningful dialogue. Therefore, it is important that college personnel take the time to review the results of this report. However, it is even more important that they take the time to discuss these results, draw their own conclusions, and institute creative and constructive responses that result in continuous improvement of ANC's educational programs and services.

ANC's overall framework for evaluating institutional effectiveness includes a number of critical indicators that provide extremely useful information in assessing strengths and challenges, as well as areas of improvement and areas of decline. The framework has served the college well for the past nine years. However, recent changes to accreditation standards, increased emphasis on (disaggregated and benchmarked) student success indicators, improved data collection and analysis tools, growing awareness of the

value of leading (vs. lagging) indicators and their predictive power, recognition of the importance of data democratization across college campuses, and several other associated factors suggest that it is now time for ANC to re-assess and update its institutional assessment framework. The college will launch this process in 2021 by asking campus stakeholders to identify the key data points they think are most relevant to (1) evaluating mission fulfillment, (2) assessing student learning and student achievement, and (3) informing data-driven decision making at all levels of the institution. In addition to refining (and, hopefully, reducing) the indicators and outcomes used to assess institutional effectiveness, the new evaluation framework will describe updated mechanisms for gathering and sharing assessment data to increase their relevance, reliability, currency, and value. ANC hopes to develop the new evaluation framework during spring and summer 2021 and to begin gathering relevant data in the fall of that year.
